Reference for Renae & Sebastien

To other home owners

Renae, Sebastien and their sons sat for us for a fortnight over June 2016. When I met them they came across as a lovely family that would take care of your possessions and pets.

They left our house clean and tidy – which is a feat with our dog and sizable home. Our cocker spaniel was well cared for and they adored her so much that they want to come and see her again!

Renae sent us a couple of update emails whilst we were away to keep our mind at ease that everything was fine.

Renae left some milk which was handy after a long flight that was delayed.

I will certainly contact Renae if we need a house sitter again.

Please feel free to call me on jcurnow@iinet.net.au if you want to ask me any questions about our house sitting experience.

Kind regards

Julie Curnow
